SUMMARY

Results-driven Java Full-Stack Developer with hands-on experience building, scaling, and deploying secure web applications using Java, Spring Boot, Hibernate, and React.js. Strong foundation in Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA), and Database Management Systems (DBMS). Skilled in designing REST APIs, optimizing backend performance, and implementing JWT-based authentication to deliver high-performance, production-ready software.

EDUCATION

B.Tech in Computer Science and Engineering

Guru Jambheshwar University of Science and Technology

2021 - 2025

CGPA: 7.0/10

Senior Secondary (12th Grade)

KCM World School

2019 - 2020

88%

PROJECTS

Auren – Full-Stack E-Commerce Platform

Java, Spring Boot, React.js, MySQL, JWT, Razorpay

- Built and deployed a full-stack e-commerce platform with a Spring Boot REST API backend and a React.js frontend, using MySQL for persistent data storage across independently deployed services.
- Applied JWT-based authentication, OTP verification and Spring Security with role-based authorization to secure protected routes for product management, orders, reviews, and inventory.
- Developed an admin dashboard supporting product, stock, order, and user-role management; integrated Razorpay for end-to-end payment processing and transaction verification.
- Configured Brevo/Gmail SMTP for transactional OTP and email notifications, set up CORS policies and environment-based configuration, and deployed the React.js frontend on Vercel with the Spring Boot backend on Railway.

Banking System Application

Java, Spring Boot, MySQL, Hibernate

- Built a secure, scalable banking application that includes user authentication, fund transactions, and full account management, reducing backend response latency by 25% through query optimization.
- Enhanced overall application performance through backend optimization and efficient MySQL indexing strategies, achieving a 40% increase in throughput under simulated load testing.

EDU-NFT – Blockchain Certificate Verification Platform

NEAR Protocol, Smart Contracts, Blockchain

- Designed and developed a blockchain-based certificate verification platform using the NEAR Protocol and smart contracts, awarded 1st place in a NEAR Protocol web development competition.

EXPERIENCE

Java Full Stack Trainee

October 2025 – July 2026

CETPA Infotech Pvt. Ltd., Noida, India

- Architected scalable full-stack web applications using Java, Spring Boot, and relational databases, improving backend processing efficiency by 15%.
- Integrated backend REST APIs with frontend applications, enabling seamless data flow and database-driven functionality.

Web Development Intern

June 2024 – August 2024

CSRBOX – IBM SkillsBuild, Hisar, India

- Created responsive web interfaces using HTML, CSS, JavaScript, and modern UI/UX principles.
- Implemented frontend features, debugged interface issues, and improved website usability and overall user experience.

TECHNICAL SKILLS

- Programming Languages:** Java, JavaScript, SQL, HTML5, CSS3
- Java:** Core Java, Object-Oriented Programming (OOP), Collections Framework, Exception Handling, Multithreading, JDBC, Java 8
- Spring Framework:** Spring Boot, Spring MVC, Spring Security, Spring Data JPA, REST APIs, RESTful Web Services, Dependency Injection, IoC
- ORM & Persistence:** Hibernate, JPA, Spring Data JPA, Entity Mapping, CRUD Operations
- Frontend:** React.js, JavaScript, React Router, Axios, HTML5, CSS3, Responsive Web Design
- Databases:** MySQL, SQL, Relational Databases, Database Design, Joins, CRUD Operations, Query Optimization
- Security:** JWT Authentication, Authentication, Authorization, Role-Based Access Control, OTP Verification, CORS
- Development Tools:** Git, GitHub, Maven, Postman, IntelliJ IDEA, Eclipse, VS Code
- Architecture & Concepts:** MVC Architecture, Layered Architecture, REST Architecture, DBMS, Data Structures and Algorithms, Operating Systems, Computer Networks, SDLC
- Deployment:** Vercel, Railway, Environment Variables, SMTP, API Configuration

CERTIFICATIONS & ACHIEVEMENTS

- Won NEAR Protocol Web Development Competition.
- LeetCode: Earned 2 badges and solved 250+ DSA problems.
- GfG 160 – 160 Days of Problem Solving | GeeksforGeeks | Issued: August 2026 | Verify Credential
- Introduction to Generative AI Studio | Google Cloud / Simplilearn SkillUp | Certificate Code: 10619059 | Issued: August 2026
